**PETITION FOR RULEMAKING**

To the Chief, Allocations Branch:

Linda A. Davidson ("Petitioner") respectfully requests the Commission initiate a rulemaking proceeding for the purpose of considering amending Section 73.202(b) of the Commission's rules. In support whereof the following is stated:

2. Petitioner proposes the Commission allot FM channel 272A to Oroville, California as its second commercial FM service. This would require amending Section 73.202(b) of the Commission's rules as follows:

Community  
Oroville, CA

Present  
249B1

Proposed  
249B1, 272A

3. Oroville is an incorporated city located in northern California. It is located in Butte County. In 2000, the United States Census Bureau estimated that Oroville had a population of 13,004 persons.

4. FM channel 272A can be assigned to Oroville in full compliance with the Commission's minimum distance separation requirements. This is illustrated in the attached spacing study. Coordinates used are N 39:36:00, W 121:34:40 and are located approximately 11 Km north of Oroville. This site restriction is necessary to prevent a short spacing with station KFSM, Woodland, CA.

5. Petitioner, or an entity with which she is affiliated, intends to apply for a construction permit to activate channel 272A if it is assigned to Oroville as proposed. If her application is granted, she shall promptly construct and operate the proposed station.

6. Petitioner hereby verifies and affirms that the statements given in this petition for rulemaking are hers, and are accurate to the best of her knowledge.

Respectfully submitted,

*Linda A. Davidson*
